

THE GLOVE THAT STARTED IT ALL.

In 1991 The Original® Glove was born. The brainchild of a legendary race mechanic that sparked a revolution for working hands. Championed by mechanics and pit crews at the 1991 Daytona 500, The Original® is the glove that started it all. 25 years later, Mechanix Wear's deep roots in motorsports have grown into industries where skilled hands go to work every day.

Everyday mechanics, construction workers, trade professionals, military and law enforcement all agree: Mechanix Wear is ***THE TOOL THAT FITS LIKE A GLOVE®***

EVERYONE WITH A TOOLBOX IS A GLOVE CUSTOMER.

When it comes to your tools it's all about trust. Mechanix Wear's commitment to hand protection has earned the trust of millions of hardworking hands around the world. It's a commitment to anatomical design, industry leading material technology and rigorous testing standards. A commitment to looking beyond conventional ideas with the drive to innovate the most advanced tools for working hands. Mechanix Wear customers trust their hands to work faster, safer and cleaner day in and day out.

EXPOSURE

It takes a team to get to the starting line every week. Mechanix Wear partners are champions of their industries. We reach more than just race fans. We reach hardworking hands everywhere through TV, Radio, Publications, Social Media and Motorsports events around the world. When it comes to exposure, Mechanix Wear works hard to align with the passions of our growing community of working hands.

FOUR REASONS

WHY MECHANIX WEAR GLOVES WORK

INNOVATION

Industry leading material technology, anatomical design and superior build quality provide working hands with functional protection fit for hard use day in and day out. Mechanix Wear gloves are designed to protect hands from injuries ranging from harsh abrasions, cut and puncture wounds to broken bones, joint damage, and vibration injuries. From concept to finished product, you can count on Mechanix Wear innovation to help you work faster, safer, and cleaner with more power and control.

QUALITY

Mechanix Wear knows quality control is serious business. Therefore, we go to extremes to supervise the manufacturing and material quality of our gloves. We employ quality control specialists in our facilities who actively inspect the fit and build quality of our gloves before they ship to you.

EXPERIENCE

Over 25 years in professional racing has led to the development of some of the most advanced materials and design features found in work gloves today. Mechanix Wear is dedicated towards working hand-in-hand with safety professionals in hazardous industries to develop specialized hand protection for the constantly evolving workplace.

BRAND RECOGNITION

Mechanix Wear reaches millions of hard working hands through television, print, radio, social media and racing events around the world. The undisputed #1 glove in racing is used by NHRA drag racing, Supercross, Motocross, IndyCar and all 43 NASCAR teams. Your customers will ask for us by name. Mechanix Wear® Gloves. The Tool That Fits Like a Glove®
